Foot Bridges

If you need a temporary footbridge constructed for access due to damage caused by Helene, please contact our Call Center for assistance at 828-356-2020.

Debris Removal

Debris clean up efforts in Haywood County began **Monday, October 14, 2024**.

Please follow the guidelines below for proper placement:

- Place all debris **on the right of way along the road**.
- Keep debris **clear of fire hydrants, fences, mailboxes**, and other obstacles to ensure safe and efficient removal.

This will be the **first pass** of debris removal, and **crews will make additional passes** at a later time. To help us keep the process moving efficiently, please ensure your debris is **out and ready** for pickup by the time crews arrive in your area.

For **FEMA documentation** purposes, it is critical to **document your debris** before it is removed. Take photos and keep detailed records of the damage and debris on your property.

Election Day Update

****Early Voting: No Location or Schedule Changes**

All Early Voting locations in Haywood County are expected to be operational:

- Canton Public Library
- Clyde Municipal Building
- Senior Resource Center
- Visit your county board of elections for a free photo ID.
- Obtain a free ID from an NCDMV office. For more details, visit **BringItNC.gov**.
